EASTERN INTERNATIONAL COLLEGE

NURSING DEPARTMENT

The Summer 2022 nursing graduates are excited to wrap up the semester. This semester the students had so many exciting learning opportunities. The Department of Nursing hosted an open house to recruit new faculty and a "Chat & Chew" student forum. EIC hosted a seminar presentation from Ms. Avaleen Davis, Director of Disease Prevention from the Jersey City Health Department, students attended the Kaplan NCLEX (3) Day Live Review to prepare the for their licensure exam, select students attended the National Student Nurses' Association (NSNA) Leadership Conference, students had a presentation from Bayada regarding future employment opportunities, students experienced a diverse clinical experience while at various healthcare facilities and we will end the semester with the Nursing Pinning Ceremony. We salute all our students and wish them great success in the future.

DENTAL HYGIENE DEPARTMENT

We are proud and excited for our freshman DH students to educate and screen our senior citizens here in Jersey City at Ocean Towers. We were honored to partake in their health fair as well to continue our education and give any dental advice citizens had, at the same time we were able to promote our dental clinic and made follow up appointments. Our students enjoyed their experience and are able to take away how to care for a geriatric patient.

AUGUST 2022
