

MSCHE Working Group Workshop

Date: January 13th, 2023

Time: 9:30 am- 12 pm

Location: Auditorium

Trainers: Dr. Julius, Dr. Zaky

Attendees: MSCHE Working Groups and Steering Committee members

Workshop Instructional Objectives

By the end of this workshop, each working group would be able to:

- Explain the MSCHE Accreditation Standards and Requirements of Affiliation.
- Articulate the assigned research question
- Evaluate available evidence specific to the research question
- Determine evidence applicable to the research question
- Respond to the research question in the form of a brief narrative (or bullet points)
- Identify institutional weakness relative to the research question
- Propose an institutional improvement plan to address identified weakness
- Upload the narrative and proposed improvement plan in a Shared Drive

Part I- Workshop

9:30 am- 10 am (Presentation)

- The MSCHE Standards
- The MSCHE Requirements of Affiliation
- The Evidence Inventory Aligned with Each Standard
- The Research Questions
 - Critical reading and analysis based on the question discourse and MSCHE requirements

10 am-11:30 am (Workshop)

Instructions:

1. Select a group facilitator
2. Read and understand the assigned research question. It is important to analyze the question based on the Standard
3. From the Evidence Inventory, identify those that are applicable to the question
4. Assign a group secretary to write notes
5. Respond to the question in the form of bullet points and a brief narrative
6. Identify an area of weakness relative to the research question and propose an improvement plan
7. Upload the narrative, improvement plan, and bullet points in a Shared Drive and assign a group representative to present the work

Some notes to consider in a group work

1. When responding to the research question, be mindful of its relevance and alignment with the Standard
2. This is a group discourse, so all members should be heard. During discussions, responses should be evidence-based. Opinions are respected but facts (or evidence) are more important.
3. The narrative should be clear, opinion-free, and evidence-based.

11:30 am- 12 pm (Presentation of work output by each group)

12 pm - 1:30 pm (Lunchbreak)

Part 2: Meeting of the Steering Committee with the Consultant

1:30 pm - 2:30 pm: Meeting of the Steering Committee with Dr. Tito Guerrero (EIC's MSCHE Consultant)
